## PERSONAL.

Chew Jackson's Best Sweet Navy Tobacco.

Last day of July.

Such delightful moonlight nights, these!

One week from to-day occurs the State debt election.

Blind Tom, the musical prodigy, is summering at Saratoga.

J. P. Hammer has been commissioned as Notary Public for Sullivan county.

Chattanooga is attempting to get up an excursion to Mammoth Cave, Kentucky.

Prof. Willoughby Reade is booked for a reading entertainment at Morristown to-night.

There are probably one hundred and twenty-five refugees stopping in Bristol, according to the News.

The first session of Circuit Court, under the provisions of the new law, is now sitting at Bristol, Hon. N. Hacker presiding.

It must have been in green apple and watermelon time that Tennyson wrote, "From our waist places comes a cry."

Morristown Gazette: From a private letter, we learn that the number of guests now registered at Tate Spring reaches 210, and a good number of new arrivals daily.

Col. A. S. Colyar is announced to speak in favor of the 50-4 compromise at Cleveland to-day, Rhea Springs tomorrow, Athens Saturday, Blountville Monday, Jonesboro Tuesday and in this city Wednesday next.

A start has been made at last on the narrow gauge railroad from Bristol out through Scott and other counties in Virginia. A squad of twenty-eight convicts were brought from Richmond and put to work thereon this week.

The Exchange Hotel, C. B. French, proprietor, at Kingston, is a pleasant place to stop at. The table is good, and then the managers are so clever they make you feel at home. Don't fail to call upon them when you go to Kingston.

An opportunity is offered to any one wishing to buy a pleasantly located home cheap. The auctioneer, E. A. Akers, offers for sale Mrs. Waters' house in Mechanicsville. Attention is also called to Mr. Akers' auction sale to-day.

The Hamblen county Normal School, held at Morristown, closed last Friday, according to the Gazette, after a session of two weeks. Prof. H. Presnell, of Jonesboro, was principal, and he was assisted by County Superintendent H. M. Sherwood.

The work of digging out for Mr. McNulty's cellar, besides furnishing employment to a large number of laborers, serves as a congregating point for all the loafers and business men who have a little spare time to watch the progress of the work.

We were shown yesterday by Mrs. M. B. Atkinson, mother-in-law of Mr. James A. Compton, quite an aged lady, though full of life and sprightliness, some excellent and beautiful specimens of ornamental handwork, which is certainly hard to beat.

We learn from Mr. H. T. Cooper that Senator R. K. Byrd, of Roane county, and Representative Cunningham, made able and telling speeches at Huntsville, Scott county, last week, during the session of court there, in favor of the 50-4 compromise.

John Manning, a laborer at the Knoxville Iron Company's Rolling Mill, was pretty seriously hurt yesterday by a railroad bar which was being unloaded from a car falling on him. He was insensible for some time, but medical assistance was rendered and it was hoped he would get along all right.

Four prisoners made their escape from the Morristown jail last Thursday morning, says the Gazette. Their names were Jos. Lane, Robt. Eakin, Marion Burefield and Wm. Sparks. The first three were Federal Court convicts, just recently sent up from the court here. Two were recaptured the same day and returned. The others are still at large.

Bristol News: "Mr. Robert Blevins killed last week, on the top of Iron Mountain, southeast of Bristol, a wonderful rattlesnake, lacking only one inch of being eight feet long. Circumference six inches behind the head, and twenty inches in the center of the body. When coiled it could not be more than covered by a large sized wash-tub. It had twenty-five rattles." Go up head. Next!

Newport Reporter: Mr. A. T. Newman, of Morristown, bar-keeper at that place, was shot last Saturday by Policeman Morris. It is reported that Mr. Newman and others had been firing their pistols in the corporation, and not submitting to Mr. Morris' orders, but rather seeking a row, which ended in two pistol shots in the person of Mr. Newman, one through the throat and one in his back. It is thought that he will recover.

But Just to Say. It is but just to say that the firm of Steele &amp; Price were the first to place in the market articles for culinary purposes that are strictly pure and wholesome. Their Dr. Price's Cream Baking Powder has obtained its popularity and extended sale by its purity and wholesomeness.

Send fifty cents for the WHIG AND CHRONICLE until the first of January 1880.

## PERSONAL.

Gen. Wm. G. Brien left yesterday on the western-bound train. He and Gen. Porter are to speak in favor of the 50-4 compromise at London tomorrow, at Athens Saturday, at Cleveland Monday and at Chattanooga Tuesday.

Mr. H. T. Cooper returned yesterday from a professional trip to Campbell, Scott and other counties, attending court, and went down on the 1 o'clock train to Erin, where his family are visiting.

Rev. J. F. Spence went down to Athens yesterday to attend a District Conference to be held at Clark's Chapel, near that place by Rev. J. S. Petty, Presiding Elder of the M. E. Church.

Major A. H. Pettibone, of Greeneville, went up on yesterday evening's train, returning home.

Mr. L. P. Speck, a live and enterprising merchant at Rockford, Blount county, was in on a business trip yesterday and made us a call.

Mr. W. P. Washburn and daughter left yesterday evening to spend a portion of the heated term among the Virginia and other eastern summer resorts.

Hon. J. C. Flanders, who has been spending a few weeks furlough with his family here, returned Tuesday night to Washington to resume his duties in the Postoffice Department.

Ex-Mayor Jno. R. Flippin, of Memphis, came up Tuesday night, stopped over at the Atkin House, and went up yesterday evening to Rogersville, to join his family who are summering there.

Morristown Gazette: Mr. Sam. G. Heiskell, of Knoxville, an old chum of the junior of the Gazette, and a promising young member of the Knoxville bar, visited and spent an hour with us last Friday on his return home from Warm Springs. Sam has lost none of his vivaciousness that marked him as a boy, and we were glad to find it so.

Hon. G. P. Foute, of Memphis, was in the city yesterday. His family are spending the summer with their relatives in London county.

Morristown Gazette: Miss Kate McNutt, of Knoxville, is visiting her aunt, Mrs. G. A. McNutt, in this place, for a few days. She is en route for Tate's.

Atlanta Dispatch: Mr. J. C. Sturges, in boyhood days an Atlantan, we are happy to say, returns to Atlanta to live, and has associated himself with Rawson &amp; Hancock, as traveler. Mr. Sturges has for many years past been in business in Knoxville, Tenn. We heartily welcome him back to the old scenes.

**We have removed our Drug Store to the Southeast corner of Gay and Clinch streets.****HUNTER & CO.**

Bad on Chattanooga.

A Memphis refugee came through on the Memphis and Charleston Railroad the other evening, and was stopped at Wauhatchie, the quarantine station for Chattanooga, where he was met by the quarantine officer of that enterprising village. After he had been thoroughly inspected, the refugee remarked:

"See here, mister, do you live in Chattanooga?"

"Yes," said the officer.

"Well, do you propose to stop me in that d-d town?"

"No, sir; we propose to see that you don't stop."

"Well," remarked the refugee, "I'm glad of that. I would as soon have a spell of yellow fever as to stop in that burg. I want to go through there at the rate of twenty miles an hour, with the car windows down, and I will hold my nose then. A man may survive an attack of yellow fever, but an hour in Chattanooga is certain death."

Crystal Rock.

We were shown yesterday a large quantity of crystal rock from Warm Springs, N. C., of different sizes and shapes, and about the handsomest specimens of work we have ever seen. They were sent to Messrs. J. S. &amp; N. R. Hall, of this city, by a minister, with the request to sell for him. They are worth seeing.

Tate Spring Quarantined.

Persons from any place where yellow fever is epidemic will not be received at Tate Spring unless they can prove that they have been fifteen days out of the infected district. The rumor circulated that Tate Spring is crowded with Memphians is entirely false, there being no guest here from the city of Memphis for more than a month past. There is still room for several families and single persons.

THOS. TOMLINSON,

July 24th.

Proprietor.

His Occupation Gone.

Had the Arkansas "doctor" that "tapped" the fat man, thinking he had dropped, but finding no water produced it "dry dropper," lived to-day, he would like Othello, find "his occupation gone," for Allen's Anti-Fat, a purely vegetable remedy, safely but positively reduces corpulence from three to six pounds per week. Sold by druggists.

The Season for Chills.

The indications are that there will be a great deal of chills and fever this fall. We therefore advise our readers to lay in a supply of those greatest of all Agents-Cure, "SNYDER'S CURATIVE PADS." Their No. 1 or Liver Pads never fail to break up the worst case of chills and fever in two to five days. Who can afford to shake several months, when two dollars will cure? All druggists sell them. Malaria Disarmed of Its Terrors.

Malaria that fell atmospheric poison, is disarmed of its terrors, and he is insured to thousands residing where the noxious exhalation periodically infects the air, and engenders intermittent and remittent fevers, by Hostetter's Stomach Bitter, the most popular as it is the best, of preventive, alterative and tonic. In numerous localities where the demand for sulphate of quinine was formerly immense, the harmful alkaloid has been almost entirely supplanted by this safe, agreeable and effective substitute, which is gentle in action and unobjectionable in flavor. It nullifies the influence of miasma by giving a more active impulse to every vital function, quickening and enriching the blood, overcoming a tendency to biliousness and promoting digestion.

Base Ball.

A game of base ball will be played on the grounds north of the city, near the street railway terminus, at two o'clock this evening between the Black Hawks and Meridians, two colored clubs of this city.

The Independent Blues and Lone Stars, also colored, will play a game on the same grounds to-morrow (Friday) evening, commencing at 2 o'clock.

How to Get Sick.

Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised, and then you will want to know

HOW TO GET WELL.

Which is answered in three words—Take Hop Bitters! See another column.

The London and Kingston Mail Boat.

The steamer Harry Helm is being used in carrying the mails and passengers between London, Kingston and Rockwood by the Allison Brothers. It is the only steamer that can make the trip at the present low stage of the river. The fare on the boat is good, and the proprietors make the trip pleasant to their passengers.

A Pleasant Incident.

During the elegant hop given by the generous proprietors of the Kimball on Friday evening last, a lovely basket of flowers was sent to the ball room by the gentlemen of the Knoxville Reds, to be presented to the handsomest lady on the floor.

Captain Joe Burke was chosen to make the presentation, which he did in a very happy manner. Miss Lou Casey, of Augusta, the fair recipient, though taken completely by surprise, accepted the floral offering with perfect grace.

Miss Casey is the daughter of Senator Casey, and has a host of admirers in the "Gate City."—Atlanta Constitution.
